

# PLANE TALK NEWS

10.2012

Days are getting shorter and after work flying is coming to an end.

This is one of my favorite seasons, yet it is a sad time of year. The end of flying season is near. I don't know about you guys, but this summer was not long enough... However we do still have some great weather ahead. This weekend is the gas fun fly at EPJ Field. Open to all gassers and the grill will be open to use.

With the cooler weather coming, building season is just around the corner. What do you have planned for next season?

With everything changing and innovating in our hobby there is one thing that is not, our members. Not just our club but all of AMA. The average age of the current AMA member is in the 60s. The sport is in danger of not being passed down. What does this mean? We need to push to get the

youth involved. With all the great new planes to fly now is the time to get them hooked and involved with helping this hobby grow. Get your children involved, your grandchildren, nieces and nephews or the neighbor kid down the street. Let's get the youth involved and share the love of the sport.

See you at the meeting,  
Duane

7:00 PM September Board of Director's Meeting

Training program was discussed, and the mid air crash that happened with a members personal plane.

We also decided that only club planes should be used for training nights.

We discussed having a club get together in January as a club event. We would honor the students of our training program.

7:30PM Meeting

The above was discussed with the group and we had two demo/show and tells.

Duane showed the octocopter and Ed and LaVerne showed their new FPV plane finding project.

## Des Moines Modelaires

- We fly radio controlled model airplanes at two private flying fields.
- Our meetings are the first Tuesday of each month and there is a program of flying interest plus show and tell at each meeting.
- Members are mailed a monthly newsletter.
- We have a club Christmas and Awards dinner.
- The club sponsors Fun Flys and Summer Club Family Picnic Flys.
- We help run the SIG Fun Fly at Montezuma Iowa.
- The Modelaires will demonstrate R/C flying anywhere that we have room to safely fly.
- Members present model building and flying programs to groups in this area.
- We hold a spring swap meet and a large fall R/C auction.
- We have a pilot training program with booklet and award a solo certificate to members that we train (FREE) to fly. There are instructors to help you learn to fly Radio Control!
- We are one of the top clubs in America. You must join AMA before you can join the Modelaires.
